MARCH 7 2018

Number 3

**Dear Parents and Carers,
Greetings!**

This week we celebrate CATHOLIC SCHOOLS WEEK a week which provides our Catholic schools an opportunity to showcase and celebrate the great learning that happens in our schools every day.

At St John Vianney's Parish School we began this week with our WELCOME ASSEMBLY where we 'officially' welcomed our Kindergarten students, new students in Years 1-6 and new staff members who have joined our school 'family' this year. The 'Open Classrooms' which followed, provided a wonderful opportunity for family and friends to visit learning spaces to view and celebrate the students' learning. I hope our visitors found time to visit a number of different learning spaces.

The theme of Catholic Schools' Week this year is:

'EVERY STUDENT, EVERY DAY: TRANSFORMING LIVES'.

This 'transformational' work was begun by you, the parents, long before your children started school. You put in place the firm foundations on which we continue to build. Every day we see our students face and overcome challenges, rejoice in newly acquired learnings or skills, form positive friendships, grow in resilience and confidence, understand the importance of forgiveness, grow in their knowledge and love of God and marvel at the wonder of creation and the uniqueness of their own being. Every little step, every single day moves our students forward in their transformational journey to becoming independent, confident, resilient and reflective learners!

It was such a joy that so many family members and friends were able to join us for our special day. Needless to say the family picnic recess was a great success as well! Thank you to all who came along. We greatly appreciate your positive feedback.

I want to especially acknowledge and thank Mrs Rutherford, Mrs Croser, Mrs Field and Mrs Tierney for all the planning and preparation that made the Welcome Assembly such a special and joyful community celebration. To our Yr 6 students, THANK YOU for being such helpful 'buddies' to our Kindy students.

St John Vianney's Parish School is staffed by a supportive, talented and dedicated community of teachers, parents, clergy and support staff who work together to provide the best learning experiences possible to our students. Catholic Schools Week provides an opportunity for the community to recognize our gifted and hard-working teachers and support staff.

I would like to thank you all for entrusting your children to our care and supporting the work we do at St John Vianney's Parish school. We look forward to many more opportunities for you to join our celebrations and special events.

**Blessings!

Religious Education News

As part of St John Vianney's social justice initiative we support Caritas Australia's Project Compassion. During Lent, we are trying to reach a target of \$70 per grade for Project Compassion. For every \$70 that we collect we can support buying educational materials for Syrian students to assist them to attend school in Jordan. Many of these students have struggled to overcome the trauma of growing up in a conflict zone and have missed out on school. Caritas helps provide schools for these disadvantaged students. Families are encouraged to discuss with their children the importance of everyone receiving access to a good education.

This social justice initiative also connects to the theme of Catholic Schools Week this year, 'Every learner, every day: TRANSFORMING LIVES' as we will be able to transform the learning of students living in conflict zones.

Please forward all donations for Project Compassion to the office by Thursday 29th March 2018.

PROJECT COMPASSION Third Week of Lent

Bayan is a 12 year old Syrian girl, living with her family in Jordan. An ambitious student, Bayan has her sights set on a career as an ophthalmologist. As a quiet, young refugee she struggled to overcome the trauma of growing up in a conflict zone and faced the prospect of missing out on schooling. With Caritas Australia's support, Bayan is an academic high-achiever who is flourishing in a stable school environment.

Please donate to Project Compassion 2018 and help bring stability to vulnerable youth, providing just futures for others like Bayan. A Just Future starts with your support!

APPLICATION FOR EXTENDED LEAVE

*Parents, as you know, it is very important that children attend school every day. Quite often leave is requested by parents for various reasons. While we understand that this may be necessary sometimes, it is not encouraged. **Every school day is important for every student.***

*If you intend taking your child out of the school for **five days or more** you must make a formal application to the Principal in writing by completing the **'Application for Extended Leave' form** which is available from the school office. The application must be **submitted at least 4 weeks prior to the expected leave** or earlier if possible.*

***It is important for parents to know that, depending on circumstances, this leave may not be approved.** Each application will be considered on an individual basis and could depend on circumstances such as the intention for the leave, your child's attendance and the impact the leave may have on your child's academic progress.*

These regulations are in place in all schools in the Parramatta Diocese to make sure that all students have the best opportunity to achieve to their full potential. We appreciate your support and understanding of these requirements.

Mrs Georgina Cox – Principal

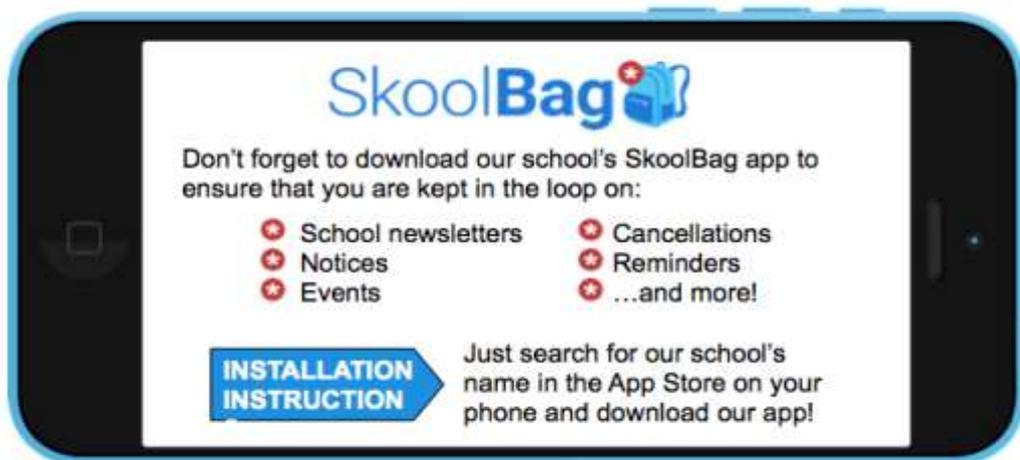

SUPERVISION ~ Morning supervision starts from 8.30 am. I ask you to ensure that your child is not at school before 8.30 am as there is NO supervision before this time. School finishes at 3.00pm and children should be picked up promptly. Afternoon supervision in the amphitheatre finishes at 3.30pm. If you are running late to pick your child up, please ring the office so we can inform your child.

KEEP US INFORMED

If you have updated your email address or phone numbers, please update via the SkoolBag app or contact the school office as soon as possible. It is important to have ALL contact details up to date for our records to ensure we can contact you when necessary.

This year we will be participating in the Coles Sports for School program. Through this program we will be able to get sports equipment for our school and all we need you to do is shop for your groceries at Coles.

This promotion will run until Friday 11th May 2018. Could we request that vouchers be cut up before placing them in box located in the office. Many thanks.

LITERACY

Developing Successful Reading at Home

For a couple of weeks now, students have been using their Reading Log books to record their reading for Homework. ***Reading as our central focus for homework is a general mind-shift for both students as well as parents in terms of homework. Reading has often been seen as an 'extra', taken for granted, that is expected as part of homework, where now it is our central focus.***

In setting reading as our central focus we aim to: develop rigorous daily reading habits, an awareness of the breadth of texts that are available to access as well as students coming to know what texts they particularly enjoy, build skills in deciphering text as well as comprehend challenging texts. And in developing these, we aim build in our students independence and proficiency in all forms of reading, but more importantly, to nurture a love of reading which will go with them into their adulthood.

One of the first things I ask my students when we meet as a group is “When and where are you reading at home?” What I am looking for is a reading habit forming: a regular time of day where students read as well as a place where they are also comfortable to read. It is vital that students have a say in these things so that they find their own niche that works for them. Alarm bells ring when students say that they read whenever they have time to fit it in. Adhoc reading will remain just that, until a student finds their groove for a best time and place. This is also true for text genre. ***Students who say that there are no books or texts that they find interesting need to say ‘I have not found any books YET that I’m attracted to.’ Finding the right combination of time, space and content takes a bit of time, advice and input from competent readers (adults and teachers), perseverance and trial and error. But it is important.***

Some Quick Ideas to Help Reading for Parents

Buy your child a safe bed lamp and encourage the routine of reading in bed before lights-out.

Give books as presents and show your child how to care for them - books are forever!

Find a common book or text to read to each other when you can.

How often does your child see you read? Modelling a joy of reading is very important. What we value is often what our children do too.

Dear Parents,

Listed below are two Maths questions your child could complete at their leisure.

Write down your telephone number. What multiplication problems can you create using all of the digits? Now solve the problems. Choose a family member and get them to solve your problems.

Write down your telephone number. What addition problems can you create using all of the digits? Now solve the problems. Choose a family member and get them to solve your problems.

MEDICATION

If your child requires medication during the day, e.g. antibiotics, please send a note to the office together with the medication, details of dosage and time to be administered. If medication is required for a period of 5 days or more, a form will be sent home for completion. Just a reminder that **NO MEDICATION** is to be in your child's school bag. All medication must be kept in the office as we need to record all medication given to students.
